

# Health and Safety

A chalkboard with the words "Health and Safety at Work" written in white chalk. A hand is visible on the right side, holding a piece of white chalk and drawing a white line across the bottom of the text.

Health and Safety  
at Work

Organisations face great and increasing H&S responsibilities. We can help guide you through the things you need to have in place to comply with requirements and to help you look after the people in your care.

**We have expertise in Health and safety audit and can help you deal with the breadth of H&S compliance required. We can work with you to make sure you feel reassured and have clear plans to improve and maintain your position.**

#### What we can help you assess:

- Accident, injury & ill health reporting.
- H&S action planning.
- Consultation and implementation of new H&S processes.
- Needs for maintenance, Inspection & Testing of equipment.
- Performance monitoring.
- Risk assessment needs.
- Safe Working Procedure needs.
- Safety management policy compliance.
- H&S skills, competencies instruction and training.

Services can be provided on either a one off or ongoing basis depending on what you wish. The starting point is to talk with us and we can guide you from there.

#### Need something else?

We offer a broad range of other professional services in audit, assurance and general business support. All are designed to actively partner with and support our customers with the same philosophy of flexibility, quality and value.

**Email us or give us a call – we would be glad to help.**
