www.**onewest**.co.uk

One West

A great offer about access to free resources - please pass to your Business Manager

Free Data Protection Posters & Other Resources.

Right now we've got some great offers available for FREE as part of our service

Following **Steve Debruins'** thoughts on **Business Continuity** last week. Our offer of some free **help** & **advice** on this subject**,** as everyone starts to return to the 'new normal' **still stands**. Just drop a line to:

One_West@bathnes.gov.uk

We are concentrating on providing **useful resources** for our customers & one thing we have been asked about is whether we can produce some **Data Protection Posters.**

We have done that for you & the **attachment** with this gives you an example. Each of our posters emphasises a different **relevant message** & all are printable in A4.

They are produced for **adults** & **children** & are **FREE**.

If you want more simply go to our **website** via this link & choose what you want:
https://onewest.co.uk/free-resources/news-and-bulletins/posters-free/

For those of you who are **One West Members** you can get a **fuller set** to add to the messages which need to be conveyed in order to promote security:
https://onewest.co.uk/my-account/members-area/posters-members/

If you aren't **already logged in** you will need to do this via:
https://onewest.co.uk/my-account/members-area/

By the way - if for some reason you have **forgotten** your **members password** or have any difficulty let us know & we will resolve it. Drop us a line via:
One_West@bathnes.gov.uk

Communication means a lot to us & we have continued to work on **improving** our website. You might especially be interested though in our **'Whats News'** pages which house up to date **bulletins** & **podcasts:** https://onewest.co.uk/free-resources/

For **Members** you now have access to an extensive range of materials & you may not have checked these for a while. **Have a look** – they are all available for **download** at any time you want for free as part of our service to you. https://onewest.co.uk/my-account/members-area/

Don't forget to find us on **Twitter** and **LinkedIn** - you can use the buttons below. We are updating at least once a week with current issues, especially COVID-19 and how that affects things like **Data Protection, Cyber Security** and **Business Continuity**.

Thanks

The One West team.
